## **Flex Seal Toilet Gasket**

**#55550**

The Flex Seal Toilet Gasket works on all flanges currently on the market. It allows for multiple attempts at setting the toilet and is very easy to stack for deep flanges, while not causing any clogs

from caving inward. It holds the bolts up and gasket in place leaving no more guess work. The strong, flexible and resilient material moves with the toilet making it the most user friendly gasket out there. Most of all, it is guaranteed to last!

## **Thermal Lined Grip Gloves**

**#10384 L**

**#10386 XL**

## **Warmth, Dexterity and Flexibility!**

Light insulation allows work in cold conditions while rubber coating on palm and fingers provide an excellent grip and abrasion resistance. These Thermal-Lined Gripping Gloves conform to the natural curves of your hands providing the dexterity and flexibility to handle tools and materials. Knit wrist provides a snug fit. Thermal-Lined Gripping Gloves contain a black thermal acrylic knit shell and a dipped latex palm.
