Mr. Thread Cleaner For Hose Taps

#10247

- Threads on faucets become corroded with mineral build up and foreign material causing hoses to not seal properly
- Removes debris and renews threads
- Great for service sinks
- Simply attach to 3/8" ratchet drive and apply torque to hose bib in both clockwise and counter clockwise directions
- Eliminates the need to replace the hose bib
- Also great for any faucet spout with a 3/4" thread
- Plated steel for corrosion resistance
- Use with a 3/8" ratchet drive with extension, socket drive with extension, or wrench
- Made in the U.S.A.
