Ugly Gloves

#10302

Ugly Gloves are built tough and durable to withstand the harshest jobs!

Featuring a thick, waterproof outer shell covered in large PVC chips, these gloves are perfect for handling any pipe snake without friction burn or binding, allowing the cables to twist easily and not catch or snag. The embedded PVC chips and outer coating will also help minimize heat transfer and will not heat up like metal embedded gloves. On the inside, these roter gloves are jersey-lined for maximum comfort while keeping your hands dry during the job.
