"I didn't know you carried that!"

INSTA-PLUMB

Great for hard-to-reach areas under a sink. **No tools are necessary for installation!** The stainless-steel grip ring holds the connection tight, while the O-Ring provides a leak free seal, so you can install with confidence. Connections can be easily removed or adjusted using the release tool, and fittings can be reused. Fits schedule 40 PVC.

Did You Know Best Carries?

Clean Paste Flux

#99708 4 oz

#99709 1/2 lb

#99710 1 lb

DESCRIPTION:

Self-cleaning, lead-free soldering flux in a paste form. Specially formulated for sweat fitting work. No surface preparation needed. Safe for potable water.

Scan here for SDS

APPLICATION:

Great for all diameter pipe: large and small. Recommended for all soft solder work, including 95/5. Use for copper, brass, galvanized iron, lead, zinc, tin, silver, nickel, mild steel, and malleable iron. pg. 6-72

ACTIVE INGREDIENTS:

Ammonium Chloride, Zinc Chloride, Petrolatum

Flood-Guard

#11272 2 IN

#11270 3 IN

#11271 4 IN

Prevent property damage and inconvenient, messy clean-ups with Flood-Guard! This tool operates like a check valve to seal off water back-up caused by overloaded sewers. The water flows normally through the drain until the sewer reaches capacity. The Flood-Guard float then rises to seal off the drain opening until the water recedes. pg. 10-63

- Easy installation – only need a screwdriver
- Gaskets are made of molded rubber
- All metal parts are plated or stainless steel

10" Crescent Locking Adjustable Wrench

#11355

Squeeze for quick release.

Both a locking plier and an adjustable wrench, this tool gives you 2x the gripping power with a quick release ability for better maneuvering. pg. 10-7

- Grooved teeth for added grip
- Maximum jaw opening is 1"
- Non-slip comfort grip
- Chrome plated finish for rust and corrosion resistance
