Toilet Master Toilet Bolts #54485

This tool-free bolt and cap system is a simple solution to easily install a toilet to the floor flange. Designed to be installed without any tools, this system allows any user to quickly put a toilet into place, and tighten or remove the bolts by hand. The bolts can be re-used again and again.

- Cap is the fastener and holds toilet in place
- High-impact plastic that will not break under normal use
- No rust, no corrosion
- No breaking flanges from over tightening
- Package contains 2 White Caps, 2 Rubber Washers, 2 High-Impact Plastic Bolts
- Bolt measures 2" L x 5/16" Diameter
- Cap measures 1-5/16" H x 1-1/4" Diameter

Vandal Proof Aerator Wrench

#14687

Designed to cradle the rotating sleeve of a vandal proof regular size aerator, making installation and removal quick and easy without fighting the threads or cross threading onto a faucet. Will not slip or scratch aerators.

pg. 1-2

Check out catalog pages 1-1 to 1-8 for Aerators & Accessories!

Maid O' Mist Vent

#91125

A float-operated vent for use on convector radiators, baseboard radiation and radiant panels. Designed to be used in space that is limited and can be installed in trouble spots previously neglected or improperly vented. No air chamber is required.

- Vertical Mounting
 - 1/8" I.P. Male Connection
 - Up to 50 lbs pressure
 - 3-3/4" x 1/16"
 - Works with Hoffman #77 & #790, Dole #2000, Gorton #75, Bell & Gossett #67
 - Bright brass finish
- pg. 9-3

This Holiday Season, NEBO® Products Are The Gifts That Keep On Giving!

During November and December, for every Nebo item sold, Best Plumbing Specialties will donate \$1.00 to your state's Toys-For-Tots organization.

Plus - Receive a FREE GIFT For Yourself When You Purchase 2 or More NEBO® Items In A Single Order!
