Klip On Deep Flange for 1/2" Pipe #96022

The Klip On Deep Flange replaces existing flanges without removing the old one. Replacement is as simple as clipping the two-part design together. No more cutting flanges off or removing valves. pg. NEW-7

- Installs over shallow or deep flange
- Easy Installation – No Tools Required
- Chrome Plated
- Fits 1/2" Iron or Copper Pipe

Loctite ReNew Kitchen and Bath Silicone Caulk (White)

#60696 3.3 fl. oz.

Easily repair molding, yellowing, and cracking old sealant joints in one easy step. No need to take out the old sealant, just pass over the existing sealant with Loctite ReNew specialty silicone for a long-lasting and durable seal. It's as easy as using a highlighter with professional-like quality. Loctite ReNew kills, repels and prevents mold from growing once properly applied. One tube of Loctite ReNew covers one typical shower/tub application.

- Flexible and waterproof
- Great adhesion to existing sealant, including silicone
- Integrated auto-smoothing applicator for a perfect result

BEST FEATURED ITEMS

10 in Plier Wrench w/ Black Finish #99111720

All of the features of the original pliers wrench now with new improvements. This version is: 15% lighter; has an increased 2 in. jaw capacity; 19 adjustment positions; a laser etched adjustment scale; a thinner jaw profile, and an improved grip.

- One-of-a-kind tool that replaces a full set of inch and metric open end wrenches
- Laser marked adjustment scale to set the opening width before use - metric and inch markings
- Increased jaw capacity to 2 in. (52 mm)
- Excellent for gripping, holding, pressing and bending applications
- Smooth parallel gripping jaw prevents marring on work surfaces
- Adjustment at the touch of a button
- 0 backlash contact pressure - no damage to edges
- Has 19 adjustment positions to adjust to hex nuts up to 2 in.
- 15% less weight than current pliers wrench, but with the same box-joint stability
