#11547 Half-Mask Respirator M/L

#11552 Half-Mask Respirator S/M

#99154512 Half-Mask Respirator Filter

This respirator mask is compatible with visors, helmets, goggles, and hearing protection, and is designed to provide maximum visibility.

It features the smallest, lightest filters with lowest breathing resistance compared to competitive models and is made from silicone-free latex. Its compact design makes it comfortable to wear for extended periods.

FEATURES:

- Low profile replaceable filters provide unobstructed field of vision
- P100 shape provides wearers with a wide field of view
- Face piece is odorless and hypoallergenic
- Designed to completely seal around the nose, preventing fogging on safety glasses
- Approved to NIOSH Standards 42 CFR Part 84 (TC-84A-6949)

The HEPA high efficiency particulate air filters are made with hydro-phobic (water repellent) material

1-1/2 Tub Drain Removal Tool

#99525699

When the crosshairs on your old tub drain are corroded and/or missing and the average drain removal tool fails, use the Tub Drain Extractor™ to remove those stubborn 1-1/2" tub drains. No need to chisel and hammer out the old drain and risk cracking the tub. Simply drop the tool in the drain and turn it counterclockwise with a 1/2" ratchet drive and extension or wrench. The more torque that is applied to the tool the more it will "bite" into the drain. [pg. 7-60](#)

- Accepts 1/2" drive ratchet or can be used with 1-3/4"
- Patented tapered helical knurl bites into the drain and will not slip
- Hardened steel design with a golden zinc plated finish

Condensate Pan Pills

#98621

These pills are formulated with ingredients proven effective in cleaning and preventing build-up of sludge & scum deposits that cause odors, plugged drains, and overflows. When left untreated, this build-up can cause odors in addition to plugged drains and overflows, which results in water damage. [pg. 9-15](#)

- 200 tablets per bottle
- Approved for computer rooms
- Prevents water damage
- Eliminates the extra maintenance costs associated with odors, plugged drains & overflows
- Safe, non-corrosive, non-toxic and biodegradable
- Completely soluble in water
- Does not form any deposits in the pan or drain
