## Klein 8-IN-1 Adjustable Length Stubby Screwdriver #11548

This compact driver from Klein functions as both a multi-bit screwdriver and an impact driver attachment. It can reach easily into tight spots and is small enough to take anywhere. 7 different industrial strength screwdriver bits and a 1/4" nut driver are housed in the handle for convenient storage and access. The adjustable length shaft can be removed for use with an impact drill.

### FEATURES:

- Bit holder contains powerful Rare-Earth magnets for securing bits
- Palm saving spin cap
- Cushion-Grip handle for maximum comfort
- Impact Rated
- 7 Industrial-strength heat treated bits housed in one tool

Shaft locks at 3 lengths for complete customizable use

## Original Crocodile Cloth #10300

These disposable cleaning cloths are made to handle industrial-size messes. They are made of low-lint, non-woven, highly absorbent materials that pick up and hold onto dirt, grease, and grime like a microfiber cloth all while being gentle on skin.

### FEATURES:

- Highly absorbent material holds onto mess
- Safe to use on most surfaces
- 15" x 10" wipes (100/PK)

### CLEANS UP:

Grease | Paint | Silicone | Uncured Expanding Foam | Adhesives | Ink | Dust | Tar | Dried Food Coffee/Soda/Wine Spills | Graphite | Permanent Marker | Gasoline/Diesel Residue | Un-cured Plumbing Cement/Primer/Solvent

## Did You Know Best Carries ...

### Fire Crystals Drain Cleaner

#98661 (1lb)

#98662 (2lb)

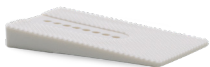

Scan QR Code for more information

Say goodbye to grease, hair, and build-up in your drains with Best Plumbing's Fire Crystals! **pg. 6-76**

- Dissolves grime in just 60 seconds!
- More effective than a liquid cleaner
- Professional strength formula, hot water activated
- For use in septic systems, grease traps and drains
- Will not harm plumbing fixtures or porcelain

### Extreme Soft Plastic Toilet Shims (PK/10)

#55585

**Takes the wobble out!** These soft shims are durable, extremely flexible, and can be cut to size. This ensures the perfect fit to fill in gaps and prevents fixtures such as toilets, vanities, and tables. **pg. 5-14**

- Small holes for nailing or pinning the shim in place
- Diamond pattern texture helps stabilize and level fixtures

### 2-IN-1 Linemans Combo Plier

#11362

The Crescent 2-in-1 Combo Plier's innovative design allows it to do the job of two tools without sacrificing performance. The plier features a linesmen head as well as a wire stripper head between the handles. The slide lock switch allows you to invert the pliers and then lock the handles in place for the desired head. **pg. 10-6**

- 1-hand operation
- Induction-hardened cutting edges
- Wire stripper head is laser-etched with corresponding AGW and metric sizing
- Dual material handle designed for comfort
- Industrial black finish for corrosion protection

### Drinking Fountain Repair Kit #20254

This kit consists of 33 drinking fountain repair parts including shut-off valves, elbows, tees, unions, orifice assemblies, and a fountain cartridge wrench to ensure you have everything you need to repair a drinking fountain all in one place. **pg.2-13**

### No-Hub Fernco Couplings

#69451  
1-1/2"

#69452  
2"

#69453  
3"

Engineered to connect no-hub cast iron pipe in applications, replacing the less-efficient hub and spigot. **pg. 6-90**

### Quick Break Caps

#66502  
2-1/2" Aluminum (Red)

#66509  
2-1/2" Plastic (Red)

#66503  
3" Iron (Red)

#99161461  
3" Aluminum (Green)

Breakable cap for Siamese hose connection. Used on fire department connections in place of plugs where pilferage is a problem. **pg. 7-66**
